THE SENTINEL, has much the largest circulation of any paper published in this county—and as an advertising sheet offers superior inducements to merchants and business men generally. Those desirous of making use of this medium for extending their business can do so by either sending their notices direct, or through the following agents:  
John Cross, Esq., Johnstown.  
E. W. Carr, Evans' Buildings, Third st. Philadelphia.  
Wm. A. Kinsloe, Pittsburgh.  
George Pratt, 151, Nussau st., New York.

LARGE SALE.—Mr. John Lytle will have a large sale of valuable personal property on the 31st inst., at Perote Saw Mill, near No. 2, A. P. Railroad. We have no doubt that the great number of articles offered for sale, cheap bargains may be had. See bills.

Another Railroad Accident.  
We regret to learn that Mr. Elijah Luckert had his foot so seriously injured, on Friday last, at Plane No. 6, by a car passing over it, that amputation was necessary in order to save his life. We believe he is now recovering as fast as possible.

Fire in Allegheny City.  
About three o'clock in the afternoon of Monday last, one of the most destructive fires broke out in Allegheny City, that has ever visited that place, destroying property to the amount of thirty thousand dollars. Owing to a misunderstanding between the city council and the firemen, growing out of a refusal on the part of the former to appropriate the necessary money to keep the engines in repair, the firemen refused to go into service, and the consequence was, that the fire was permitted to burn until it burned itself out, laying four squares in ashes, and rendering homeless some thirty or forty families.

Capt. John Humphreys.  
We are gratified to learn that this gentleman has been elected Major General of this Division, composed of the counties of Somerset, Bedford, Blair and Cambria. This is a high and well deserved compliment. General, consider our bear ver tipped a la militaire.

Mr. GEORGE HOOPER, Captain of one of the Packet Boats on the Juniata Canal, died of Cholera, on Thursday last, near Newton Hamilton, Mifflin county. It is also stated that one of his hands, Tobias Tyson, died of the same disease on last Friday, at Alexandria, Huntington county.

The State Treasurer and the Officers on the Public Works.

For the purpose of screening himself from the odium which is justly attached to him for withholding the money appropriated by the last Legislature to the payment of the debts due on our public improvements, Mr. Ball, the self-elected State Treasurer, has resorted to the contemptible scheme of throwing the blame of his own actions upon the shoulders of the disbursing officers on the public works. He has sent a letter to the Harrisburg Telegraph, in which he indirectly charges the Supervisors and Superintendents, whose duty it is to disburse the money, with fraud and corruption, and with not applying it to the purposes intended by law—to which is attached a parcel of comments by the editor of the Telegraph about loco-foco dishonesty and extravagance. These articles have been copied into the whig papers from one end of the State to the other, and all the whig curs seemed mightily pleased at having opportunity of making a little political capital, and of showering their abuse upon the democratic party in general and democratic office holders in particular. But what soon the brightest hopes are blasted. An investigation into the truth of the charges pro-

ferred, at once brings to light the object to be effected by this great whig Ball, and like other falsehoods is sure to rest on its author's head. We confess that at first we did not know what to think of it being destitute of any information on the subject, other than that obtained from the article in the Telegraph. But we have now obtained the facts in the case, and we feel confident that they are sufficient to satisfy any candid man of the fallacy of the charges preferred. We are prepared to show conclusively that Mr. Ball, and not the disbursing officers, is to blame for the non-payment of the claims of the laborers on the public works.

Here is the letter of Mr. Ball, to which we have referred:

TREASURY OFFICE, July 3, 1849.  
Dear Sir:—In reply to your note of the 30th ultimo, I herewith send you a list of the Supervisors and Superintendents on the public improvements who have drawn money from the Treasury, and the amount drawn by each since the adjournment of the Legislature. The total amount so drawn is \$305,434 92, from which it is easy to judge whether a sufficient amount has been drawn to pay the laborers on the public improvements or not.

Yours, &c.,  
G. J. BALL.  
The remark of Mr. Ball, that "it is easy to judge whether a sufficient amount has been drawn to pay the laborers or not," is not candid, and shows at once that he is desirous of throwing the blame on the disbursing officers. Mr. Ball knows that at least \$230,000 was due on the public works prior to the 1st of December last, and that the repairs on the canals and railroads from that time to the opening of navigation amounted to about \$170,000 more, making in all about \$400,000 due at the time the Legislature adjourned. He also knows that in addition to this, that more than four months of the business season has passed, and that the amount required to keep the works in proper repair, and to furnish the motive power, horse power, &c., on the railways is a very considerable sum. But why does not Mr. Ball state to what purposes the money has been applied? If there has been fraud, why does he not expose it? He has the means in his own department of knowing what has been done with every cent drawn from the Treasury, and we are much mistaken in the man, if he would not expose any democrat who had acted fraudulently with the public money, were it in his power to do so.

Below we give a table furnished us from a reliable source, an examination of which will satisfy any fair thinking man that the charges now going the rounds of the whig papers against the Democratic disbursing officers, are without foundation in truth. It exhibits the amount appropriated to each division and the amount drawn by the supervisors:

We can assure our readers that the above table is correct as will be found by an examination of the vouchers in the Auditor General's Office, and shows at once how the whole matter stands. It will be seen that only thirty seven and a half per cent out of the whole amount appropriated has been drawn, and a large portion of this has been applied to the necessary expenses incurred in keeping the works in business order during the present season. If Mr. Ball would pay out the money that has been appropriated, we have no doubt it would be properly applied, and this course would at once stop the complaints that are daily and justly made along the whole line of our public improvements.

We have also been furnished with the following tabular statement of the monetary operations on the Portage Railroad, and which

how much reliance is to be placed upon the assertions of our Whig neighbors of the "Hollidaysburg Register" and the "Johnstown News." They had better perhaps stop their howling until their whig Treasurer performs his duty to the State and the people by paying over the money which was appropriated expressly with a view of relieving the laborers on the public works.

NOTE.—The whole Motive Power debt of 1848 (with the exception of a few small bills, amounting, in the aggregate, to some three or four hundred dollars) has been paid off.—The whole amount of public funds now in the Superintendent's hands is, FORTY THREE DOLLARS AND FIFTY CENTS.

Information Wanted.  
Information of the whereabouts of two young men, Robert and Richard Roberts, is much desired by their mother. The last intelligence she received from them, which was in August 1848, they were at St. Louis, employed as laborers. Should this notice fall under their observation, they are informed that their father is dead, and that their mother is in need of that pecuniary assistance which it is their duty to furnish. It is feared however that they are both dead, and any person possessing any information concerning them will confer a favor by communicating the same to their mother, Mrs. Jane Roberts, Ebensburg, Pa. The St. Louis papers will please notice.

Blair County.  
The Whigs of this county have placed in nomination the following ticket:  
Assembly.—Joseph Higgins.  
Prothonotary.—Samuel J. Royer.  
Sheriff.—David Denlinger.  
Commissioner.—Jacob Burley.  
Director of the Poor.—Joseph Feay.  
Auditor.—David Tate.  
Of course, in such a stronghold of Whiggery, their election may be regarded as certain.

When our neighbor of the "Hollidaysburg Register" published the slander of Treasurer Ball and the Harrisburg "Telegraph," he expressed himself willing to publish a refutation of the charges therein contained. Will he do so?

JOHN S. RHEY.—We are gratified to learn that this gentleman has been nominated by the democracy of Armstrong county, as their candidate for Representative. Mr. Rhey will make an excellent member, and we look upon his election as certain.

More Proscription!  
We have learned that John Black has been appointed Postmaster at the Summit in this county, in the place of Wm. S. Campbell, removed.

The postoffice at "Laurel Run" in this county has been discontinued, because the Department could not find a whig to hold it. The profits of the Summit postoffice will be increased to the advantage of the whig incumbent, on account of the discontinuance of the Laurel Run postoffice.

Verily, this whig administration is making the most of its accidental ascendancy, and appear determined to disregard the wishes and interests of the people, who are not allowed to receive a letter or newspaper unless through the hands of a whig Postmaster. There is nothing in the annals of the political quillotine that can equal the efforts of *Headman Warren. Go it, Fritz!*

All Sorts of Paragraphs.

A FIEND INDEED.—The villain who placed the iron 'chairs' upon the rails of the Worcester road, on the 4th with a view of throwing a train, containing nearly 300 passengers, off the track, was examined in Farmington, and committed for trial. He not only confessed his participation in the infernal deed, but asserted that he should repeat the act. His name is Brady.

THE TWELVE MONTHS' VOLUNTEER OR A JOURNAL OF A PRIVATE.

The above is the title page of a large and handsomely printed octavo volume of 625 pages, just published. In May, 1846, the author, a lawyer, threw aside Chitty and Blackstone, and taking the sword and carbine, enlisted in the cavalry regiment then raising or his State, (Tennessee.) In the interim he kept a copious journal of every thing that fell under his notice worthy of record, relating to the life of a soldier, the country through which he travelled and the modes of life of its inhabitants. Also, giving a vivid description of the different engagements of our army while in Mexico, viz:—Palo Alto, Resaca de la Palma, Monterey, Buena Vista, Bombardment of Vera Cruz, Cerro Gordo, Cherebusco and Chapultepec, with all the minor engagements, and a copious detail of personal adventures, anecdotes and incidents of camp life, and Mexican scenery and customs.

We feel confident that the work will find in the people of Cambria liberal purchasers, to reward the gallant soldier, who has enlarged upon the history of the Volunteers and of the Mexican War.
